Shalom from
Temple
Beth Shalom

Chaverim:

As you may know, our temple building has been undergoing repairs related to water leakage. We have reached the stage in which work will begin on the interior of the building's administrative wing. This work will begin on Monday, March 4, and will continue for approximately eight weeks.

These repairs to our administrative offices will not disrupt regular temple services, meetings, classes, or events, which will go on as scheduled! However, temple staff will relocate their work spaces during this time.

Some staff will be working in other locations in the temple building, and some will be working remotely. If you need to visit the temple to meet with staff, please call ahead so we can accommodate you. When entering the building to meet with staff, please check in at the social hall so we can direct you appropriately.

Thank you for your patience as we continue these important building repairs!

For more information on our congregation, please visit bethshalomaustin.org.
